

PIONEERING EXCELLENCE

IN MACHINERY MANUFACTURING

Welcome To Ambica Group

Ambica Group, established in 1982, has grown into a leader in hydraulic press and paper impregnation machinery. Our journey began with Ambica Hydraulics, founded by Mr. Abhay Raj Chhajer, and has now expanded with the inception of Ambica Industries.

Our legacy of excellence is built on technological advancement, superior engineering, and an unwavering commitment to customer satisfaction. We cater to diverse industries worldwide, driving industrial progress and sustainability.

Mission Statement

To provide superior machinery solutions with a commitment to quality, innovation, and customer satisfaction.

Vision Statement

To be a global leader in hydraulic press and paper impregnation technology, driving industrial progress and sustainability.

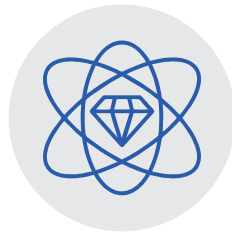

Our Journey & Leadership

Unique Value Proposition

At Ambica Group, we blend cutting-edge technology with a customer-centric approach to deliver innovative and high-quality machinery solutions that enhance productivity and drive growth.

Core Values

Innovation, quality, customer satisfaction, and sustainability. We believe in creating value for our clients through cutting-edge technology and unparalleled service.

Achievements & Innovations

Our leadership team has spearheaded numerous initiatives, including expanding our global footprint and developing state-of-the-art machinery that meets international standards.

Ambica Hydraulics

Founded by Shri Abhay Raj Chhajer in 1982, Ambica Hydraulics has grown into a leader in the hydraulic press industry. Under the guidance of our visionary Managing Director, Mr. Ravindrakumar Chhajer, and a dynamic team of young leaders, we continue to push the boundaries of innovation and excellence.

Plywood and Blockboard Presses

Durable, precision-engineered, and high efficiency.

Densified Plywood Presses

High strength and toughness for industrial applications.

High Pressure Laminate Presses

For industrial and decorative laminates.

Short Cycle Lamination Presses

For paper lamination on particle board, MDF, and wooden flooring.

Ambica Industries

Our paper impregnation division, Ambica Industries, began with a unique collaboration between Mr. Ravindrakumar Chhajjer, Owner of Ambica Group, and Shri Siddharth Mavalankar, ex-Managing Director of Genest Engineering. This strategic partnership has allowed us to seamlessly integrate advanced designs and expertise, enhancing our product offerings and reinforcing our position as industry leaders.

Advanced Design

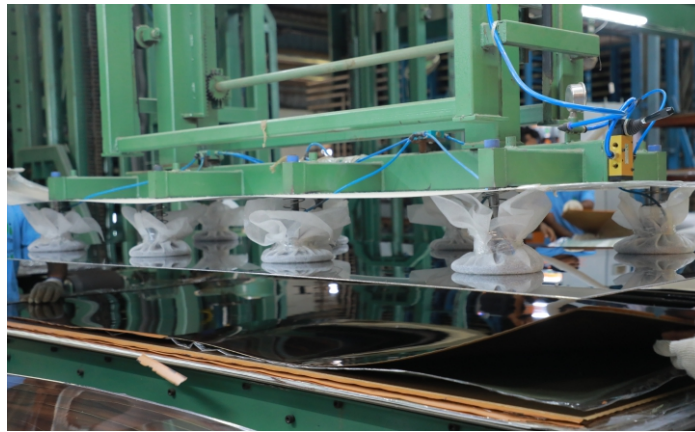

Our paper impregnation and coating technology ensures superior impregnation quality and operational efficiency, with customizable options to meet client specifications.

Applications

Ideal for producing high-pressure laminates, electrical insulation boards, and reinforced water-activated gummed paper tape.

Material Handling Systems

Customized Solutions

We offer a range of material handling systems designed to integrate seamlessly with our hydraulic presses and paper impregnation lines, enhancing overall productivity and efficiency.

Key Features

Robust construction, precision handling, and tailored designs to suit specific industry needs.

State-of-the-Art Facilities & Technological Excellence

Our facilities in Gujarat, India, span over 210,000 sq. ft. and are well equipped with the latest technology and infrastructure to meet the specific and bulk requirements of our clients. We maintain rigorous standards to ensure precision, efficiency, and quality in every product we manufacture.

Technology & Infrastructure:

Advanced machinery, automated processes, and a dedicated team of skilled professionals enable us to deliver high-quality hydraulic presses and paper impregnation lines that meet international standards.

Key Achievements:

Over
40 Years
In Business

3300+
Successful installations
worldwide

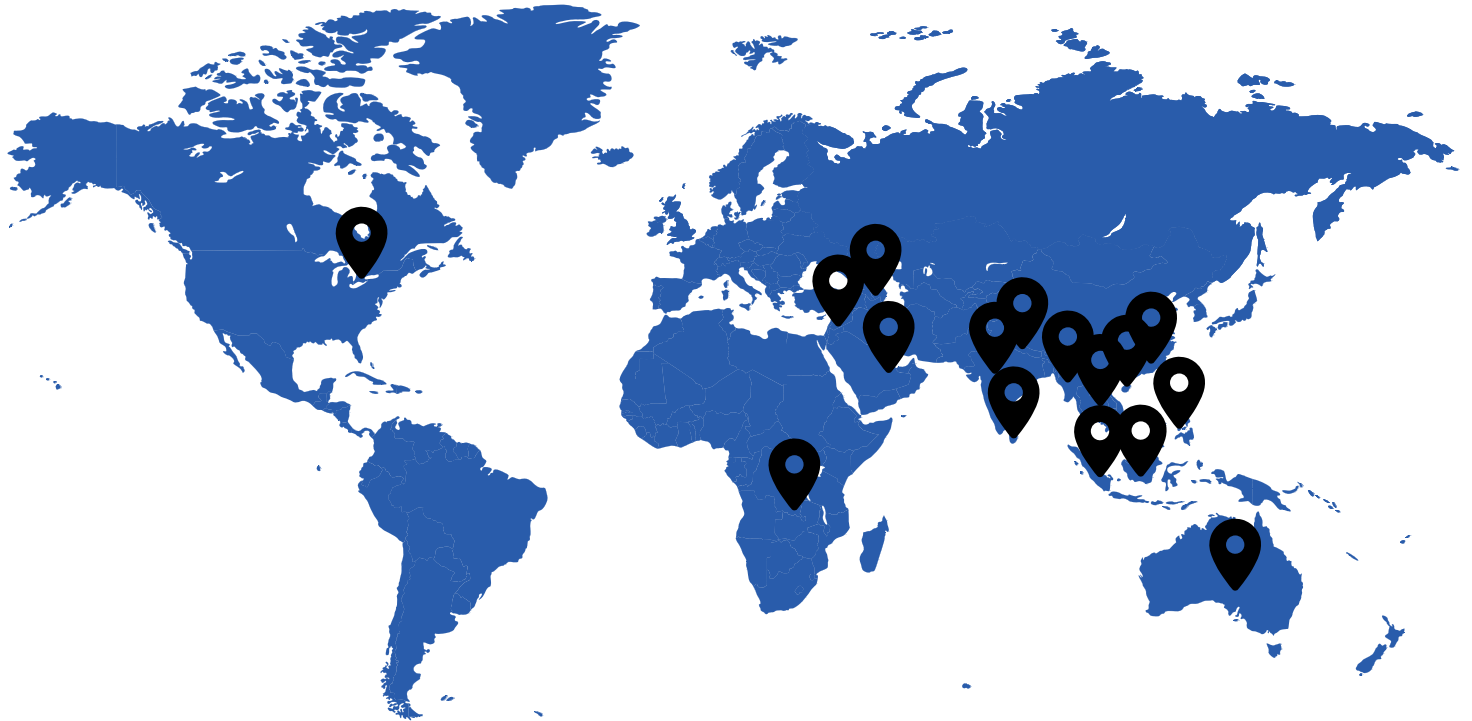

Extensive global
reach in
over 20 countries

Continuous Improvement:

We are committed to continuous innovation and improving our manufacturing processes to stay ahead in the industry.

Global Presence:

We have successfully exported our machinery to countries including Taiwan, Australia, Burma, Laos, Indonesia, Philippines, Bangladesh, Nepal, Bulgaria, Sri Lanka, UAE, Turkey, Malaysia, Myanmar, Thailand, Vietnam, and Zambia.

Ambica Group has been a game-changer for our production line. Their Pressing and Impregnating Solutions are reliable & efficient.

- CenturyPly

The after-sales service from Ambica is exceptional. They have always been quick to respond and resolve any issues.

- Greenply

We have been using Ambica's machinery for years, and they have consistently delivered high performance and durability.

- Stylam
